Jesse, Michelle and Wacey Weber

Scott, Mia, Ty, Calli & Tucker Bayer
Welcome

Welcome to the second annual Red Connection Bull Sale. The Bayer and Weber families are excited to again offer an outstanding set of stout made, good footed, high performing bulls for your consideration. Whether you are looking for a true calving ease bull or a new herd sire we believe these bulls are even better than last year’s offering and will work in a variety of settings.

All bulls will be ultra-sounded prior to the sale and a supplement sheet with carcass data, scrotal circumference and updated EPD’s will be available sale day.

High quality beef is in high demand and Red Angus cattle are more popular than ever. We are experiencing some great times as cattlemen. It is our hope that this set of bulls will assist your program in continuing that success.

Please let us know if you have any questions. We would love to talk about the bulls prior to sale day.

See you on March 11th!
The Bayer and Weber Families
Auctioneer:  
Seth Weishaar - 605-210-1124

Sale Representatives:  
Chris Effling - 605-769-0142  
Dave Geffert - 608-393-6991  
Donnie Leddy - 605-695-0113

Sale Time: 1:00 pm

Sale Location  
Madison Livestock Sale Company  
1209 E Center   Madison, SD 57042  
605-256-9156  
http://madisonlivestock.com

Lodging Available at:  
AmericInn 504 10th St SE  
Madison, SD 57042  
605-256-3076

Food and Refreshments:  
Food will be available sale day.
Herd Health:
Cattle will be accompanied by proper health certificates for immediate shipment.

Terms and Conditions:
All cattle are to be settled for sale day unless prior arrangements have been made. The cattle sell under the terms and conditions of the Red Angus Association of America.

Announcements:
A supplemental update sheet will be available sale day with up-to-date information. All announcements made from the auction block take precedence over printed matter in this sale book.

Breeding Guarantee:
We guarantee all bulls to be breeders, however we do recommend that you have the bulls semen tested a few weeks before you plan to turn them out. If after two tests a bull is found to be a non-breeder, we will provide a replacement bull or give credit toward next years sale. This guarantee is void if there is evidence of improper management or if the bull's inability to breed is due to sickness or injury which incurred after the sale. The bull shall be returned by the purchaser or other arrangements made with us. Scrotal measurements and ultrasound data will be available on sale day.

Cover photo and photo below by Jodi Weber cowgirl365photography.smugmug.com

Delivery:
Bulls taken day of the sale will receive $50 off of the purchase price. If bulls cannot be taken sale day the seller can house bulls until pick up at a rate of $2/day, however we will not be responsible for sickness or injury. If you anticipate any issues hauling bulls please call to make arrangements prior to sale day.

Export:
All cattle guaranteed exportable to Canada.

Liability:
All persons who attend this sale do so at their own risk, legal or otherwise, for their safety or the behavior of animals. The owners assume no liability for property loss or accident that may occur.

Insurance:
Insurance will be offered at the clerk's desk.

Acknowledgments:

This calving ease son of Card Shark is super stout and deep bodied. He combines design, balance and soundness with a dark cherry red color. His dam is a standout cow in our program that consistently produces great ones. Definitely a sale stand out.

Heifer bull candidate. This guy is pretty hard to put a hole in. Big hipped, long bodied, out of a second calf heifer. His full sister brought $6,750 on the female sale last year. He lines up on paper and in person. Expect him to make super nice replacements and a fancy set of steers. Ratios: BW 91, WW 102, YW 100.

This Redman 1T is out of our best donor cow, 237. She has also raised Card Shark, Tomahawk, along with Double Down the bull that won the BHSS and sold for $17,000 to Slack Farms, SD. Long, big hipped, wide based with extra muscle shape. We love our Redman first calf heifers. They are super functional with beautiful udders. - Herd bull.
Low birth weight bull by BHR Durango who sired the Champion female at the 2015 NWSS. Extra muscle and shape in this definite heifer bull.

Low birth and high growth bull by BHR Durango, with Sideways and Hamley on the bottom side. Smooth made and long fronted with extra muscle throughout. Plenty of eye appeal and balance on a big foot in this herd sire.
This dark cherry red son of Fat Tony is in one word; Massive! Nice growth numbers and out of a top producing Montana Creek daughter. Put this high performing bull to work for you.

Lots 12 & 13 are full brothers. If you like performance and a shot of extra frame take a look at these two. These are old genetics that are time tested. Their mother is a BJR JR 107. She is still in production at 13 years of age and still looks the part. With her ratios of BW 94, WW 105 and YW 104 she knows how to raise um’. Full sib embryos brought $1,500 a piece on our 2013 female sale.
Lots 12 & 13 are full brothers. If you like performance and a shot of extra frame take a look at these two. These are old genetics that are time tested. Their mother is a BJR JR 107. We’ve liked this calf all year. He is long with extra muscle and style. His performance EPD’s are average but with an adjusted WW of 777lbs and a ratio of 105 his calves won’t quit.
This guy is the youngest bull we have to offer but don’t hold that against him. Soft made and super functional. His mother sold on our female sale last fall for $6,750.

This powerfully constructed Hamley son has plenty of body and dimension. He is wide topped and wide based. He is a maternal brother to the 2011 National Champion female whose dam is a maternal powerhouse.
Here is a heifer bull that is backed by a high maternal Sakic daughter that stems back to the 2011 National Champion female. Sharp looking, big middled bull with low birth and plenty at weaning.

True heifer bull with a nice set of growth numbers. Big topped and thick made. Super sound and plenty of middle with the maternal background to produce some great replacement females.
Sure shot calving ease bull backed by Hamley and Doc Holliday. Plenty of foot in this attractive, stout made bull with plenty of rib shape. He ranks in the top 20% for BW so you can rest assured at calving time.

This bull is tremendously stout and big ribbed, but still has eye appeal and balance. He is the youngest bull in the offering, but he sure doesn’t lack in performance. He is a maternal brother to the dam that produced the 2013 NAILE and 2014 Denver champion female.

A great calving ease son by Hamley that is big topped and thick made. If you have followed our female sale the Hamley X Jazz combination has produced some of our top females and this bull is proof that it works in the bull side as well.
This Mission Nexus son is out of one of our best production oriented cows. This guys got all the pieces to make an excellent herd bull. Soggy and stout. His mother has already raised two bulls that were Champion Bull at the BHSS. One brought $9,600 to South Dakota and the other for $10,000 to New Mexico. Homework is done. - Twin to a bull.

If you sell your calves by the pound this is your bull! He was our heaviest calf at weaning, weighing in at 834 lbs. He ratioed at WW 109 and YW 108. This guy will make heavy steers and replacement kind females as his mother has a 107 MPPA. We sold a full sister to his mother for $6,750 on our female sale this year.

434 is a Goldmaster son, a bull that Northline Angus & Carousel Farms own. I saw him at Origen two years ago and he was an absolute stud. His mother is a High Grade daughter that doesn’t miss. With a BW of 79lbs use him on heifers without sacrificing performance as he will add frame. He is long and deep with an extra shot of style. - Herd bull.

445 is the natural calf of our Dolly cow. Which is now 14 years old. He will be a prime heifer bull candidate with a 68lb birth weight and a -6 BW EPD. These Up North calves come out small and catch up easy. 445 is a maternal brother to Doc Holliday, Dr. Phil and our high selling bull last year.
This Power Eye son is bigger framed and soggy. With a 91 BW ratio & 102 YW ratio this guy never looked back. He is out of our stoutest & boldest ribbed Doc Holliday cow on the place. These Power Eye’s have been very well received. Last year we sold a Power Eye heifer for $16,000 on the female sale.

Large framed and long spined bull that will add plenty of growth to any herd. This bull is deep and soggy made with a big foot and bone that will allow him to cover lots of ground.

WEBR TOMAHAWK 450 is sired by Tomahawk which is a full brother to Card Shark. We only had two of these Tomahawk calves last year. The other was a heifer that was our 2nd high seller last fall on our female sale. This guy is super complete and will make an awesome herd bull.

WEBR BOXED BEEF 453

We've got high hopes for this Boxed Beef son! He balances up with the best of them. His mother is in a league of her own when it comes to look & udder quality. The best part is he has the phenotype, EPD's & performance to back it all up. Ratios: BW 103, WW 105, YW 102.
