

RED ANGUS BULL SALE

FEBRUARY 22, 2020 AT 1:00 PM – AT THE FARM IN LAKE BENTON, MN

2.22.20

On behalf of our families, we would like to personally invite everyone to visit us on February 22nd, 2020.

We choose to move the bull sale home this spring for ease on us and the bulls. This is our 23rd year trying to raise the best Red Angus cattle in the most strict environments. For us, quality cattle have never been the exception; they are the rule. Good cattle always bring a premium.

While we sell a unique set of heifers each year, don't let that distract you from the rest of story. I welcome you to tour the cow herd and replacement heifers. We have nothing to hide and know it will be worth your time.

Over the years, I've run Weber Land and Cattle with a "common sense" approach to breeding cattle. They need to breed up, have good feet and udders, be low input and wean a big calf. No excuses. We've sent some great ones to town that didn't fit the bill. Longterm, I always figured, its cheaper than sending them to the customer. A combination of power, balance on paper and performance on pasture are what we strive for.

If you get the catalog and like what you see, give me a call. Good cattle, honesty and trust have built the WEBR program to what it is today and I'd love the opportunity to earn your business.

WELCOME TO THE SALE

SATURDAY, FEBRUARY 22, 2020 | 1 PM

Auctioneer:

Seth Weishaar - 605-210-1124

Sale Day Contacts:

Jesse Weber - 507-530-5427
Wesly Johnson - 507-215-7348
Scott Bayer - 715-573-4943
Ty Bayer - 715-573-0153

Sale Representatives:

Chris Effling - 605-769-0142
Donnie Leddy - 605-695-0113

Terms and Conditions:

All cattle are to be settled for sale day unless prior arrangements have been made. The cattle sell under the terms and conditions of the Red Angus Association of America.

Announcements:

A supplemental update sheet will be available sale day with up-to-date information. All announcements made from the auction block take precedence over printed matter in this sale book.

Breeding Guarantee:

All bulls have passed a breeding soundness exam. We will now offer to co-op with bull buyers to purchase Bull mortality & ASD Infertility insurance through Martin-Trudeau Insurance, Mitchell, SD. Seller will pay one half and buyer will pay one half of premium for coverage against death, infertility and injury. A representative of Martin Trudeau will be available sale day. If buyer declines this coverage he/she assumes full risk for bull. We would suggest that normal care still needs to be exercised toward these animals and particularly yearling bulls to maintain adequate body condition.

Accommodations and Delivery:

We will feed and keep bulls free of charge until April 1st. We encourage keeping bulls at the ranch to insure they receive all pre-breeding vaccinations, semen test, pour-on and de-wormer. Bulls can be delivered for free to buyers within a 400 mile radius. Outside of that area we can assist buyers with arranging transportation.

Herd Health:

Cattle will be accompanied by proper health certificates for immediate shipment.

Export:

All cattle guaranteed exportable to Canada.

Semen Interest

1/3 semen interest retained by seller on all bulls.

HD 50K Data

All Weber Land & Cattle Bulls have had HD 50K genetic testing and the data in this catalog takes into account those 50K results.

Liability:

All persons who attend this sale do so at their own risk, legal or otherwise, for their safety or the behavior of animals. The owners assume no liability for property loss or accident that may occur.

Insurance:

Insurance will be offered at the clerk's desk.

Lodging available at:

Holiday Inn Express - Brookings 605-692-9060
3020 Lefevre Dr, Brookings, SD

Lake Benton Resort 507-368-4399

325 Lake Shore Dr - Lake Benton, MN

Food and Refreshments:

Refreshments will be available sale day.

Acknowledgments:

Catalog produced by Red Angus World Design.
Tracy McMurphy - 806-679-0231 www.redangusworld.com

Online Bidding:

Online bidding is available at WWW.DVAUCTION.COM.
Please register early and contact the Bidder approval office with any questions at (402) 316-5460.

DVAuction
Broadcasting Real-Time Auctions

Sale Schedule:

February 22, 2020

Cattle will be on display starting at 9:00 AM (1/2 mile east of the sale location).
The sale will start promptly at 1:00 PM CST. Heated Facility

Sale Location:

Weber Land & Cattle Headquarters
1978 County Highway 13 - Lake Benton MN
25 miles east of Brookings, SD on Hwy 14, Then 4 miles north on
Hwy 75, Take County Hwy 13 east for 3/4 mile.
Look for red sheds on the north side of the road.

LOT 1

These are the type and kind that we strive to produce. Cattle like WEBR Headliner 59G never go out of style. He is smooth as silk, with extra capacity and rib shape. He is good shouldered with a hip and hind leg that are top notch. Plus, a great Angus head. He would be a full brother to Reform, our high selling bull in 2017, and WEBR Precedent 808 that sold for \$10,000 last spring to Grassy Meadow Red Angus, ND. WEBR Night Train 324, would also be a maternal brother and numerous sisters have been our top selling females. His recip mother got sick on us mid summer, so he weaned off light but has been making up for lost time! Headliner is top 13% for CED and top 10% for CEM. ET calf.

LOT 2

28G's mother is a full sister to Card Shark and a maternal sister to Dr. Feel Good. The 520 cow is certainly on her way to catching her mother, 237, who produced nine herd bulls, four of those going to purebred breeders. To say the least, 28G is pretty unique. Don't let his frame size scare you. This stout featured, soggy middled bull is nothing short of athletic. Throw in his impressive 109 WW ratio and 105 YW ratio and you have yourself one heck of a herd bull! 28G is one of three calves to come from 520. His two brothers are currently working for Ammann, SD and Hafer, NE.

Dark red and rugged built perfectly describes 46G. Smooth as silk with extra muscle shape these Reform sons are a force to be reckoned with. Throw this cow family behind him and the sky's the limit.

LOT 7

For those of you who make maternal strength a top priority, check this one twice. His Doc Holiday mother is 12 years old with ratios of 98 BW, 105 WW, 101 YW, earning an MPPA of 104 and holds a calving interval of 362 days. Her foot and udder quality are top shelf. The full sister to 66G is our best bred heifer. She is the reason I checked that pasture more than I needed to! Freeform is top 1% Herdbuilder, top 14% CED, top 5% CEM & top 1% Stay. Heifer bull.

LOT 8

The 3683 cow was purchased from Chain Ranch, OK. She is a model cow with an impressive MPPA of 113. She can walk the walk and look the part doing it. This Reform son had a 107 WW ratio and a 108 YW ratio. We love the athletic build of this smooth made, long bodied bull and we hope you do too!

LOT 9

These Beartooth sons are the real deal! They are just flat out good beef cattle. Brigade 13G is big boy power on a more moderate frame. With an actual BW of 71 lbs. and a 96 BW ratio, he'll work on heifers. He's top 14% for BW, top 11% CED, and top 10% HB. Best part is, his first calf heifer mother stems from our Samantha cow family. You'll want to keep all the daughters.

114G is moderate on frame but big on dimension and rib shape. This big hipped, square built bull is capacious. His mother stems from our Scarlette cow family who have been raising our top end calves since we started!

LOT 15

61G is the #1 bull in his group for WW and YW with ratios of 116 and 112. But, there's more to him than just performance and power! His mother is a maternal sister to Maxed Out, the second-high selling bull in 2017 to J6 Farms, NE. In 2018, another brother named Hale Storm sold for \$10,000 to McDonald Red Angus, IA. And another Reform son sold to Zehnder Cattle, MN for \$7,500 in 2019. As for 61G's mother, 514, her first calf by Beartooth sold to Yackley Ranch's, SD and her second to Stueven Farms, MN. She already earned a 108 MPPA with ratios of 101 BW, 112 WW, and 109 YW. Give him the opportunity to bring the power in his blood to your herd and you won't be disappointed!

LOT 21

If you like big hips and rugged bulls here is your chance. He is moderate on frame and big on power. His mother is easy keeping, with an udder built to last.

LOT 22

MLK Big Foot has been creating a big name for himself with having an impressive 2019 calf crop and this bull is prime example why. This bull has the upmost potential to follow in his father's footsteps. This awesome built, great structured bull has so much mass and added power and ties it in to a soft easy feeding look that we feel he can make a huge impact in any herd. If you're looking to add weight to your calves in the fall and give your females more look and style without sacrificing muscle you need to look at this bull.

This Dark red bull has been a stand out since day one. We are sure excited about this bull's future as he is out of one of our most proven cow families. Stout, rugged, powerful, sound, big ribbed. This bull just does it all. You don't want to miss this guy. He is just flat good. Out of the very hot MLK Big Foot that has made a name for himself here as of late.

LOT 24

To say we didn't use Big Foot enough is a real understatement. This young herd sire is without question the big topped thick ended bull that has a tremendous amount of body and rib shape to him. He puts this together in a sound athletic structure that allows him to cover a lot of ground. The Big Foot semen is setting records for semen sales across the country and there isn't a better way to stay on top and own one of these outstanding sons out of him. They will breed true like Big Foot has, these sons are going to gain a great amount of interest these upcoming years.

LOT 25

Y200 is a matron in our breeding program. And the proof that this mating works is the \$29,500 and the \$10,000 full sisters to 34G. This mating to Shark just seems to work and if it's not broke we're not going to fix it! We brought Shameless to Denver where he was Reserve Bull Calf Champion just last month. We think he could power up a set of cows in a hurry, with Shark semen inventory low this could be a great replacement.

LOT 26

If you're looking for a heifer bull, 44G is it! He is out of a Mel 552 first calf heifer. Mel is a great grandson Black Angus bull of Hoover Dam who combines both calving ease and carcass quality with an impressive phenotype. 44G is great headed and necked. He is in the top 8% HB, top 2% CED, and top 1% CEM. The numbers don't lie, throw in his classy features and you will definitely want to keep his daughters.

LOT 27

This Fusion son is out of a first calf Beartooth x Card Shark heifer with an outstanding udder. He has a great build, extra length and a set of feet and legs to impress. 102 WW ratio, 101 YW ratio.

LOT 28

This PIE Fusion son has big time herd bull potential. He's a clean patterned, high performing bull, with the natural thickness and foot structure to run with the best. His mother, a first calf heifer, knocked it out of the park! He weans with a 106 WW ratio and earns a 108 YW ration. These Brandy cows are good lookin', calf raisin' machines and 25G is no exception.

LOT 29

22G is a big outlined Cinch son out of an awesome Timberlake granddaughter. These Maybelle cows seem to work on anything! They are the right shape and size with udders and feet that will outlast their heart. This guy earned a 105 WW ratio with an actual weaning weight of 798.

LOT 33

This Halestorm son's solid performance and balance is something you have to appreciate. Halestorm was purchased in the 2018 sale by McDonald Red Angus, IA. We fell in love with his exceptional growth in his contemporary group, coupled with his elite phenotype early on. Every mating x 325 has worked. She raised a Roosevelt and a Brando heifer that were high sellers on the female sale. Additionally, in 2018, she raised our lead off bull in the Denver pen, selling to the Meier Family, TN. She has a 102 MPPA, a 105 WW and a 102 YW ratio. We are beyond excited to see where this guy ends up!

LOT 34

This Halestorm son is sure to add pay weight with ample muscle and an extra shot of length. Knowing his pedigree, udder quality and teat size will only be added value for his daughters. His mother has a 365-day calving window on four calves and she'll calve 40 days earlier this year! In addition, she has a 102 MPPA.

LOT 35

This Wideload son checks all the boxes. His mother is a full sister to Night Train and a maternal sister to Reform. If your after length and look this guy fits the bill, he started off small and weaned on the top end, his mother did the same thing last year with a Spartacus son going to McCracken Land and Cattle, OK.

Here is one stout, powerful made bull that has a ton of breeding value too. We love how Dr. Feelgood makes his cattle so practical yet has some added eye appeal and balance to go along with his rugged, masculine look. His added length of body and ruggedness will help add weight to his calves at weaning. Also, this bull is backed by one of the most Proven cow families here at TC Reds. A great herd sire with a ton a breeding value.

Here is a very sound, good structured bull that can sure cover a lot of ground. This athletic bull has a tremendous amount of length of body and yet carries it in a masculine stout package. A great female making sire here with a great amount of breeding versatility. Our Night Train sons are by far our favorite and most proven sons.

QT 38

Durango has made a name for himself here and does year after year. This Durango son is so good in terms of his build, his moderate low input look which is great for generating easy keeping females yet calves that are practical in there kind. A very athletic, stout made bull. His mother is tremendous and has raised 5 females we have kept in the herd. Here is a bull that is out of the “keeping kind” of female that has a great amount of longevity.

The oldest bull of the set and talk about a powerhouse!! There is no question if you want added muscle, added body and rib, added pounds this bull is going to do it. Transcendence has been a bull that we use to add so much mass and volume to our herd and this bull shows us why. This is an ET bull out of the proven cow Marilyn of McMurphy Farms in Oklahoma. Many high sellers and herd sire prospects have been sold out of this female and this bull shows us why. Stout, Rugged, Practical describes this guy.
